

The image shows a screenshot of a software dialog box titled "Revit Account Update". The dialog box has a dark background with white text. At the top, it says "A licence is required to run Revit on this computer." Below this, it instructs the user: "If you or an administrator have already created your account, please enter your email address and password below. Otherwise, please register now." There are two radio buttons: "Enter your existing account information" (which is selected) and "Register now". To the right of the first radio button are two text input fields labeled "Email Address" and "Password". Below these fields is a dropdown menu labeled "I want to:" with "Update My Account" selected. At the bottom left, there is a "Back" button. At the bottom right, there are "Next", "Cancel", and "Help" buttons. A small black square is visible in the top right corner of the dialog box.

Revit Account Update

A licence is required to run Revit on this computer.

If you or an administrator have already created your account, please enter your email address and password below. Otherwise, please register now.
